How can you become involved?

The most obvious way is to be nominated. **Nominations are now open.**

In view of this, you might seriously consider

- standing for election as a member of the Consultative Committee
- encouraging another person to stand for election.

Do I need special experience to be on the Consultative Committee?

No. What you do need is an interest in your child's school and the desire to work in partnership with others to help shape the school's future.

What do you need to do to stand for election?

If you decide to stand for election, you can arrange for someone to nominate you as a candidate and provide a short bio (no more than 300 words) outlining your reasons for wishing to stand, including any special interests or skills. Once the nomination form including bio is completed, return it to the Company Secretary within the time stated.

Remember:

- Ask at the school for help if you would like to stand for election and are not sure what to do;
- Consider standing for election to the Consultative Committee this year;
